

Iomega® EZ Media & Backup Center

Centralize Everything!
Storage and backup for
your entire home.

A fast and easy way to backup, share and access files on your home network

Get high-capacity, reliable home network storage with the Iomega EZ Media & Backup Center. Easily share and access files, photos, videos, and music between all your computers and with friends and family with Personal Cloud and Iomega Link mobile app features. It's powerful and fast, plus the three-step set-up is very simple, even if you've never used a network drive before. This feature-rich drive has a built in UPnP™ AV Media Server (DLNA certified) and iTunes™ Server so content can easily be shared between computers and any other digital media adapters such as game consoles, digital picture frames or networked TVs. Plus, automatically post files to your Facebook®, YouTube® and Flickr® accounts and use Active Folders to create personalized slideshows and distribute emails. Time Machine and torrent support provided.

Key Features:

- Simple online setup – no CD required
- Access files from any web browser via Iomega Personal Cloud
- Automatically post videos and photos to your FaceBook, YouTube & Flickr accounts
- Built-in iTunes server
- Connect to gaming consoles or networked TVs to play media files
- Stream multiple HD movies at the same time

Your Entire Media Library Everywhere

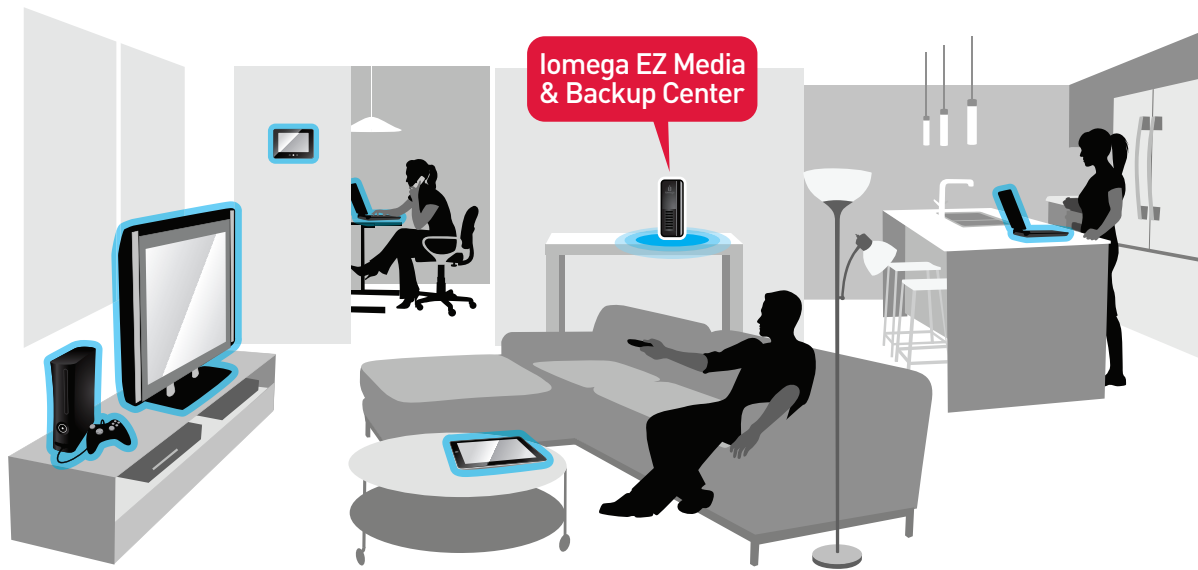

- Enjoy movies, music and photos throughout your home using media adapters and game consoles (PlayStation, Xbox, etc)
- Access your media library on your Smartphone or Tablet with Iomega Link for iOS or Android*
- Easily stream and consolidate all the media files on all your computers to a single location
- Connect to your EZ Media & Backup Center from any web browser with the Iomega Personal Cloud
- Torrent Enabled – Easier and faster downloads of large media files without the need of a PC

Easy Backup

- Backup to a central location
- Automatically backup all your home computers to EZ with Iomega QuikProtect backup software

Simple Setup

- Easy, single-step installation with the Iomega online setup tool www.myiomega.com. No CD needed!
- Easily install QuikProtect directly from Iomega Storage Manager

Iomega Personal Cloud

Iomega's Personal Cloud is the ultimate solution for protecting your data and having access to it from anywhere in the world, as it simply connects the entire contents of your home network over the Internet as if you were sitting at home. Useful for work and leisure, it gives you the ability to access files and information remotely over the Internet.

- No fees
